Here's a couple tips on how to live your best life,
Poppin' pharmaceuticals won't make the answer right

91% of us don't need a shot for a good night
Understand the risks of alcohol so you remain alright

Not everyone's drinking, so get your facts straight
Your GPA will lower every single drink you take

A Mary Jane violation is a problem, no cap
Even if it is legal, you can't Wildcat!

Leads to trauma like a maximum heart rate
Munchies is a real thing can increase your bod' weight

Can lessen your ambition which helps you reach your goals
Your memory and learning, and we don't wanna slow,

Opioid misuse has become an epidemic
Misuse, addiction, overdose, Get it?

If it's not prescribed to you then you probly' shouldn't take,
If it is follow dosage so you can stay safe

See your friend slippin'? You should intervene
Take time for yourself, plus there's free counseling.

Like we already get gray skies as it is,
Why add depression and anxiety for kicks

Affects your ability to concentrate in class
Which isn't what you want because we're all here to pass

If you pass then you graduate, tassel from the right
These are just a few tips on how to live your best life
